	FL3	38	21595	0	0								21595
SITE 2		Undetermined-Inquiries Invited											

NOTES:

- A. All figures are approximate and subject to change
- B. Building sizes, footprints and use mixtures may be adjusted to suit, subject to parking limitations. Sufficient parking is provided for the illustrated mix of uses and building sizes.
- C. Commercial buildings with footprints larger than 6000 sf should be designed to read as an aggregation of buildings distinguished by different materials, articulated wall offsets and independent entrances (to achieve a character similar to how a downtown block evolves from many buildings with common walls built to the sidewalk)
